8 of 8 people found the following review helpful. Don't get it in the Kindle version. By Annie Perkins The great thing about DK is the photography. No photography in the Kindle version. Shame. These script ions could use some more detail too. 0 of 0 people found the following review helpful. Perfect for a traveling companion! By Jamie Stafford The Top 10 books are my absolute favorite travel guides for a few reasons, they are not overwhelming with telling you every little thing to do. They give their recommendations of the top 10, with prices, hours, and helpful information. The maps in the book are easy to read and they have a list of helpful telephone numbers. The book is normally pretty small and light so it is easy to take with you. I have 5 others! I love them and it has photos! 0 of 0 people found the following review helpful. can find equivalent on the web for free By James Tomkinson a nice inexpensive ebook overview but it is nothing like the full version of the guide that i purchased afterward. i was also able to e-book (pdf of a website) for free something similar.
