Kev Reynolds : Tour of the Jungfrau Region: A two-week trek in the Bernese Oberland (Cicerone Guide)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tour of the Jungfrau Region: A two-week trek in the Bernese Oberland (Cicerone Guide):

9 of 9 people found the following review helpful. Only book you need for hiking in the Jungfrau! By JKI used this guidebook for a recent trip to the Jungfrau region. Immensely helpful! We did a 5 day trip using a mix of the

regular/alternate paths described in the book. We searched online for resources but couldn't find anything really helpful. This was the only book we got and it was all we needed. Great information on where to stay and how to hike to different "huts." I highly recommend it for anyone wanting to hike in the Jungfrau region!1 of 1 people found the following review helpful. The Perfect Guide BookBy Eric M. KampmannKev Reynolds knows this region like the back of his hand. I have hiked some of the Jungfrau region but not the tour. He has walked every step so I have benefitted tremendously by his experience, writing and organizational skills and his love of hiking. If you want to hike this region of Switzerland, there is no better guide2 of 2 people found the following review helpful. hiking the jung frauBy Jeannine M. Marksperfect description, I have reserved my trip all ready, cannot wait to see the real thing. I used it with the alpine route and mad my own itinerary. Very well written, all information you need for the hike and overnights.

Only two years after the publication of this guide to a brand new trekking route, this new edition reflects the tour-s growing popularity and incorporates many updates. Describing a horseshoe amid some of the most spectacular mountain scenery in all the Swiss Alps, the Tour of the Jungfrau Region is growing in popularity and is destined to become one of the classic walks of Europe. During this 9–12 day trek in the Bernese Oberland the walker visits pastures, ridges, summits and passes, skirts exquisite mountain lakes and gazes on waterfalls, gorges and glaciers – all in the shadow of such iconic peaks as Wetterhorn, Eiger, Mönch and Jungfrau. Accommodation is both plentiful and atmospheric, and the route has lots of bad-weather alternatives. •an exciting trek, with wonderful views and easily accessible•full description of route and places of interest, including the World Natural Heritage site

'An interesting long circular walk for those who have done the Tour of Mont Blanc and want to find a route that is less crowded. There are bad-weather alternatives, and shortside walks. As always with Kev Reynolds, the introduction is comprehensive. This route (or part of it) could, I think, be used for an Alpine debut.' Irish Mountain Log Magazine, Summer 2006About the AuthorKev Reynolds is a freelance writer, photojournalist and lecturer. A prolific compiler of guidebooks, his first title for Cicerone Press appeared in 1978; he has since produced 27 titles for Cicerone, with others being researched. A member of the Outdoor Writers' Guild, the Alpine Club and Austrian Alpine Club, his passion for mountains and the countryside remains undiminished, and he regularly travels throughout Britain to share that enthusiasm through his lectures.
