Hubrecht Duijker : Touring In Wine Country: Provence before purchasing it in order to gage whether or not it would be worth my time, and all praised Touring In Wine Country: Provence:

8 of 9 people found the following review helpful. Two Weeks with Touring in Wine Country Provence in my

PocketBy Kindle CustomerWe used this handy guide for two weeks as we toured Provence, tasting our way through 20+ wineries from Les Baux to Cotes du Luberon. This book provided a terrific education on the wines of the area, some great restraint tips and most importantly ...how to find the vineyards! We used the companion Touring Rhone Wine Country as well. This is a well written and visually appealing book....certainly makes you want to stop at every opportunity. We found that we agreed with the writers recommendations almost without exception. The only area of needed improvement is in the directions to the vineyards and the detail of the maps. We sometimes had difficulty finding the recommended wineries. If one speaks French, the given addresses might be enough....but for those of us who don't...more detailed directions please. Also add winery websites...they are becoming more common.

Each book in this best-selling series offers a comprehensive and inspirational guide to traveling in one of the world's top wine regions. Evocative descriptions of wine routes are accompanied by detailed maps showing the route and surrounding vineyards. Each title also includes the author's recommendations for hotels, restaurants, and producers.

About the AuthorHubrecht Duijker is the award-winning author of many wine books including the Wine Atlas of France and the Wine Atlas of Spain. His knowledge of French and Spanish wine is unrivaled and he regularly writes and presents a popular television series on wine on his native Holland.
