A beautifully crafted bookBy A CustomerI bought this book prior to a driving trip from Madrid to the Costa Verde (Green Coast) in Spain. This beautifully descriptive book enhanced the trip so much by allowing us to understand the diversity and uniqueness of some of the features on the buildings and houses in rural Spain. Pictures and narrative were fantastic.

Looks at the distinctive building styles of Spain from the stone, chalet-style houses dotting the green hillsides of the Basque region, to the 'white villages' of Andalucia.
