Transylvania 1:250,000 Touring Map, laminated, TQ This double-sided, laminated road and travel map covers Romania's Transylvania at 1:250 000. Bold hill-shading represents the relief and some spot heights are included for significant peaks. The map shows the road network throughout the area, indicating road types from motorways all the way down to minor dirt roads with distances also shown. Railways, cable railways, ski lifts, and national parks are marked, and symbols highlight various places of interest, including campsites, World Heritage sites, castles, folk museums, wooden churches, monasteries, etc. The legend is in 6 languages including English. The map is not indexed. Due to its lamination, the map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 101 x 49 cm / 40 x 19.5 in).
