**Thomas Cook Publishing : Traveller Guides Puglia 3rd (Travellers - Thomas Cook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Traveller Guides Puglia 3rd (Travellers - Thomas Cook):

5 of 6 people found the following review helpful. OK, but could have been more helpfulBy S. MakowickiAlthough the 4th ed. of this book was scheduled to be released in Feb. 2013, it still was not available by June. Disappointed, I had to purchase this book. I chose it because, after much research, it seemed like the most comprehensive guide to the area we would be visiting in July. The book gave a good overview of all the different regions in the Puglia area, and was

set up well. The reason I did not give it a higher rating is because some of the information regarding specific attractions was outdated (days, times of operation, etc.) Wait for the next edition! 0 of 0 people found the following review helpful. The best available By No BS guy I am not a great fan of the Thomas Cook series, but this is probably the best resource available for those traveling to Puglia. It was quite useful on my trip. 0 of 0 people found the following review helpful. There must be something better By John A bit light on details and practical information such as hotels and restaurants.

The traveller guides series are informative and concise, and are aimed at mainstream travelers wanting to discover something a little different on their trip. These indispensable guides offer the perfect blend of culture, history, practical information, mapping, photography and listings.
