Lindsay Bennett, Pete Bennett : Travellers Bulgaria, 3rd (Travellers - Thomas Cook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Travellers Bulgaria, 3rd (Travellers - Thomas Cook):

It gave me the big picture, something I lacked as I had never visited there before. The photos in the book are of top quality and the material fresh. The organization of the book into regions makes sense and saved me from reading stuff that, while interesting, would not have helped me on my current trip. In short, the book covers

all the essentials and I'm glad I picked it up. As the trip is now behind me, the book serves as a souvenir of places visited. 0 of 0 people found the following review helpful. Very Helpful in Thinking of Visiting Bulgaria By Storyspinning Covered many things we need in considering visiting Bulgaria, where we have "family" (sort of...parents of our Bulgarian "daughter" who "adopted" us as her American family when in college). We need to see where she grew up, and appreciate her country's story. This books helps in practical concerns to prepare for such a trip

Whether long haul, short haul, regional tours or city breaks Travellers help planning the trip and are full of useful information on walks and tours, eating out, shopping and top travel tips.

A good mixture of useful information and tips. Daily Telegraph
