Zoe Ross : Travellers Norway (Travellers - Thomas Cook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Travellers Norway (Travellers - Thomas Cook):

"Travellers Norway" takes you to the heart of Norway, the country with endless opportunities for hiking, cross-country or downhill skiing, fishing, boating - and just breathing in that fresh air. The highlights include: Oslo, a very laid back capital; the sunning fjords; Norwegian chefs designing innovative menus that showcase classic ingredients; smoked

salmon, cheaper than salami. About the market: Stavanger and Trondheim also have international airports. There are budget flights to Oslo from Newcastle, Liverpool, Stansted and Glasgow and from Stansted to Haugesund. There are road links with other areas of Scandinavia; ferry services from the UK, Denmark, Sweden and Iceland; and ferry crossings from Newcastle to Stravanger and Bergan.
