Giovanni Fanelli : Twenty-two Views of the Cupola before purchasing it in order to gage whether or not it would be worth my time, and all praised Twenty-two Views of the Cupola:

Following in the footsteps of the painters and engravers who portrayed Florence and its dome, Giovanni Fanelli pays homage to Brunelleschi's masterpiece with a fine collection of drawings: a tribute to the great Renaissance architect from a scholar who has devoted his life to the study of urban landscape.
