**Spud Talbot-Ponsonby : Two Feet, Four Paws: Walking the Coastline of Britain** before purchasing it in order to gage whether or not it would be worth my time, and all praised Two Feet, Four Paws: Walking the Coastline of Britain:

The heart-warming tale of one dog and her owner, who face daily physical and mental challenges with a sense of

humor and determination as she walks the entire coastline of Britain. Take one headstrong dog and a feisty young woman, and send them off on a walk for the equivalent distance of London to Delhi. Tess the dog flirts outrageously with good-looking farmers and charms unsuspecting toddlers into parting with their ice cream as her apologetic owner follows. From sleepy fishing villages to urban streets, spotting avocets and flamingos along the way, Spud slows life down for a year and experiences the coastline of Britain with its eccentric mix of innovation and tradition as she walks an impressive 4,500 miles to raise money for charity.
