Freytag-Berndt : Ukraine (English, French, Italian, German and Ukrainian Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ukraine (English, French, Italian, German and Ukrainian Edition):

A detailed road map of Ukraine with Moldova at a scale of 1:1,200,000 (1"to19 miles). The insets of the cities of Lviv, and Kiev show city centers. In addition there is a map of the Crimea at a scale of 1:500,000, (1"to8 miles) Road classifications are indicated along with route numbers. The legend locates ports, rail lines, airports, ferry routes, national parks, nuclear power plants, and indicates the Chernobyl danger zone. The legend for the Crimea map also shows historical monuments, hotels, churches, and caves. Some of the languages in the legend are English, French, German, Italian, French, and of course the local languages.
