Kartografija : Ukraine Moldova 1:1,250,000 Road Map with city plans before purchasing it in order to gage whether or not it would be worth my time, and all praised Ukraine Moldova 1:1,250,000 Road Map with city plans:

An authentic, double sided, Ukrainian-made detailed road map in the Ukrainian language (i.e. Cyrillic). Thus the map shows the country as it really is. The current post-soviet road numbering system is applied. Legend is in Ukrainian and English. On the back side, there is an invaluable set of inset maps of 25 cities and towns.
