**Marko Pavlyshyn : Ukrainian Phrasebook (Lonely Planet)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ukrainian Phrasebook (Lonely Planet):

1 of 1 people found the following review helpful. Practical Ukrainian travel bookBy Buffalo ladyThis little pocket size book is the best travel book I've found out of many for going to the Ukraine. So many books have too much information. This book provides handy phrases and necessary words, etiquette, customs, foods, manners, introductions to people, etc. which are easy to get to in a hurry. It is in the shape as described and delivered timely.0 of 0 people

found the following review helpful. Ya hachoo vodkaBy kharitinoval Easy to use, can easily carry it with you - doesn't take up much room.9 of 10 people found the following review helpful. Word to the WiseBy Sara HentonI visited Kiev were they really only speak Russian. They do speak Ukranian but only in the area that is furthest away from the Russian border. Other than that the book was very good and I really enjoyed the tidbits of information in the book.

This phrasebook provides a world of words on traditional dance, folk music and local Ukrainian customs. It gives language tips when bargaining for crafts and souvenirs, and there are sections on hiking, sports and going out. Transliteration features alongside local script.
