The text is easy to read and the case is very fine. This is not a cheaply built bible by any means. Love it!! ??????0 of 0 people found the following review helpful. Written Ukrainian uses a variant of the Cyrillic alphabet.The Ukrainian language traces its origins to the Old East Slavic of the early medieval state of Kievan Rus'. Ukrainian is a lineal descendant of the colloquial language used in Kievan Rus' (10th-13th century). From 1804 till the Russian Revolution Ukrainian was banned from schools in the Russian Empire where Ukraine was a part of at the time. It has always maintained a sufficient base among the Ukrainian people (especially in Western Ukraine where the language was never banned) in its folklore songs, itinerant musicians, and prominent authors.
