Marco Polo Travel Publishing : Umbria And The Marches Marco Polo Map (Marco Polo Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Umbria And The Marches Marco Polo Map (Marco Polo Maps):

1 of 1 people found the following review helpful. Sufficient for Map UsersBy mkYes, I like physical, hold in your hands, maps even if I also use a GPS. I wanted a 1:200000 map for our trip to Umbria, and this one does the job. It covers Umbria, Le Marche and a touch of Tuscany. It folds easy enough into place and has enough detail for our general, local travel. It folds out pretty big- it'll be hard to use while driving unless you have a "navigator" in the seat next to you. Or you can fold it enough to leave open the section you're driving in. I like to review and go over the map, making notes, before the day's trip. One needs a magnifying lens for the really small details, e.g., teeny tiny towns, church markings. The main roads are easy enough to see. They provide little, sticky arrows to point out places of interest, e.g. the kids want to go to Citta della domenica (amusement park) which is included on the map along with other places of interest; however, with use, the arrows fall off. Circle it or make a note. Buon Viaggio!

From the Inside FlapMarco Polo maps feature completely up-to-date, digitally generated mapping. A fold-out overview map is ideal for route planning and 7 self-adhesive Marco Polo mark-it stickers can be used to pin-point a destination or route for future reference. About the Author Marco Polo Travel Publishing offers a wide range of high quality cartographic products and travel guides.
