Touring Club Italiano : Umbria/Marche (Regional Road Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Umbria/Marche (Regional Road Map):

Excellent!By ACE ReaderA must if you are travelling to Umbria--All Roads lead to the E-45 but often the smaller roads are not marked until you are on them--sometimes in the wrong direction. I also used Google Maps on my Iphone 4--which worked well too--especially at night when I navigated while my sister drove.0 of 0 people found the following review helpful. Five StarsBy virginia merliniThe best map!

Each map has an extensive index of names enabling easy identification of places, mountain refuges, rivers, farms and lots more.
