Charles Jennings : Up North: Travels Beyond the Watford Gap before purchasing it in order to gage whether or not it would be worth my time, and all praised Up North: Travels Beyond the Watford Gap:

The North.Where does it begin? Where does it end? And is it all whippets, black pudding and queer folk going rounds saying "There's nowt so queer as folk"?Fresh from the PJ O'Rourke School of Diplomatic Journalism, southern jessie

Charles Jennings finds himself in need of Answers. With something approaching trepidation, Jennings packs his big girl's blouse in a suitcase full of prejudice and ventures fearfully into the great melting-pot that is the North of England - undergoing in the process a series of life changing experiences such as being mistaken for an exhibit at the Wigan Pier: Where History Comes Alive! Museum and voluntarily attending a concert featuring Roy Walker. Scandalous, astonishingly rude, scabrously funny, Up North presents the quintessential northern experience.

What on earth does he think a town like Blackpool should smell like? * Director of Tourism, Blackpool * Blissfully funny. * SUNDAY TELEGRAPH * The funniest, wickedest dissection of the North I have ever come across. * KEITH WATERHOUSE * Very funny indeed...in the way that Bill Bryson was funny in the Lost Continent. * SUNDAY TIMES * About the Author Charles Jennings was born in London and educated there and at Oxford. He is married with two children and works as a writer and journalist. He is the author of People Like Us, Father's Race, Greenwich, Faintheart and The Fast Set.
