**Gillian Doherty : Usborne Internet-Linked Essential Atlas of the World (Usborne Atlases)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Usborne Internet-Linked Essential Atlas of the World (Usborne Atlases):

Every home needs an atlas and the "Usborne Internet-linked Essential Atlas of the World" introduces the basics of geography and mapping in a fun, colourful way. A wealth of full-colour maps, facts, diagrams and photographs help children to understand the geography of the world and introduce them to the people who live there. It facilitates an

understanding of the relationship between countries and continents, and their varying characteristics and gives an insight into how maps are created.
