Anika Redhed : Utrecht WATER (Volume 5) before purchasing it in order to gage whether or not it would be worth my time, and all praised Utrecht WATER (Volume 5):

Utrecht was made by water. The many canals and waterways are still what gives the city its beating heart. This travel

guide will show you the many ways there are to enjoy Utrecht from the water side. You will learn more about the history of the old and new canals, the moat and defense lines. The guide will also tell you everything about any kind of water fun there is in town. A perfect guide for a sunny day in a perfect city!
