Hachette : Vacances Provence The Cote D'Azur: Including The Camargue (Hachette's Vacances) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vacances Provence The Cote D'Azur: Including The Camargue (Hachette's Vacances):

2 of 2 people found the following review helpful. Spectacular and different!By LauraI bought so many guides for our trip to Provence. Among others (like the Touring in Wine Country and the Markets guide) this one is one of the best (despite the fact that the prices are not actualized and everything is still in french francs). Anyway, you'll find many tips and places to go that you won't find in the classic guides to Provence. And don't forget the price!!! for \$ it is more than worthy!!0 of 0 people found the following review helpful. My favorite travel guideBy DDSI have bought many travel guides for Provence the Cote D'Azur and this is my favorite. I like how it is broken up into regions and what that region offers. I always return to this guide for information. I only wish more books were available from this specific series.
