There are not many good travel guides to Valencia, Spain. This one helps with planning and while on the trip. It is surprisingly small -- only 103 pages -- and small dimensions for easy traveling in a backpack or a wide pocket. Most other Footprint guides are hundreds of pages. Too bad it does not have color photos or maps.0 of 0 people found the following review helpful. Information hasn't been checkedBy Cristina DoriaWe bought this thinking it would be a great guide to Valencia, but when we got it we found there were many mistakes. It seems like no one ever checked the book to make sure everything was spelled right, had apostrophes, and was accurate. Disappointing, but it had some very nice pictures2 of 2 people found the following review helpful. Spain coast tripBy Susan B.nice little Handbook-- wish it had more cities along the coast
