before purchasing it in order to gage whether or not it would be worth my time, and all praised Varna (Bulgaria) 1:10,000 Street Map with Albena, Golden Sands and St.Constantine DOMINO:

Varna (Bulgaria) 1:10,000 Street Map with beach resorts DOMINO On one side of this map is an indexed street plan of Varna with insets extending coverage to the satellite districts of Galata, Asparuhovo and Vinita. The plan shows trolleybus and bus routes with stops and line numbers, and is annotated with symbols highlighting locations various facilities. Streets show selected house numbers for easier identification of addresses. Map legend includes English. An enlargement shows the city centre in greater detail. On the reverse are plans of the nearby holiday resorts of Albena, Golden Sands and St.Constantine and St.Helena, each with a list of hotels and other accommodation, restaurants and recreational facilities. Also provided is an extensive gazetteer of various facilities and services within Varna itself, including hotels and other accommodation, and notes about the city and its region. All the information is bilingual in

English and German.
