small customs that could easily aggravate or confuse a traveller. De Maio has compiled the most wonderful list of tips - sorted by section - with the eyes of someone who is "new" to the country but with the understanding of someone who is a local. She is not embarrassed to address even basic questions - where is the light switch for the toilet, "C" on a tap does NOT stand for "cold", ALWAYS carry tissues/wipes, what is 'VAT', "pedestrians do NOT always have the right of way", "no fanny packs". I totally agree with her travel approach - show respect, don't penny pinch on your once-in-a-lifetime experience, don't compare or criticize. She sets you up with an approach that will give you a more authentic travel experience. It is well worth the Kindle price to enjoy your trip more fully. 0 of 0 people found the following review helpful. A Must Read - Excellent with a Simple Style By Gayle A. Ramirez I had the pleasure of meeting Victoria at her book signing in Santa Barbara, CA. She shared first-hand with the group some of the TipZ in her book! After hearing simple TipZ I was so excited to read and learn more about what she had to share as my husband and I are traveling to Italy in October (my first time)! Her book is very easy to read, entertaining and most informative for new and/or seasonal travelers. I will be re-reading just prior to our trip so that I don't forget any of the things Victoria recommends to do and/or take with us prior to our travels! I don't want to forget anything! I also purchased Victoria's Travel TipZ Italian Style book for a friend also traveling to Italy! Thank you Victoria for making your book possible; I won't be leaving home without it! This is a must read! Enjoy! 1 of 1 people found the following review helpful. I Highly Recommend This Book! By M.A. This book is short and simple and a great read!!
