AAA : Vienna (AAA Spiral Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vienna (AAA Spiral Guides):

6 of 6 people found the following review helpful. Can't go wrong with this guide to Vienna!!!!By R. ReamI probably have all of the currently published guides to Viennaand get the impression that none have truly been updated in years. You even get the impression that some guides are written by the use of other guides. Not so the AAA Spiral guide. The guide lays the city out by areas and gives you the must sees and sites to see if you have more time. I've spent a month sightseeing in Vienna in the last four years and agree with their choices. The maps are good and you can stick the guidein a pants pocket or fanny pack easily. You can tell the authorhave actually been to Vienna by the unique walking and bike tourswhich I am anxious to check out on my next visit. Also the restaurant recommendations contain some unique choices. The Michelin Green guides go into a little more depthbut you can't go wrong with the Spiral Guide. RReam
