informative guidebook with an excellent map. The high quality paper made it a bit heavy despite it's small size, but I am glad I took it with me on my trip as I turned to again and again. 1 of 1 people found the following review helpful. Vienna at the Tip of Your Fingers! By Dale Speer Every traveler going to Vienna should have this book. It has everything from the history of Vienna to all of the sights one should plan on seeing. Some hotels and restaurants are also listed, but I wouldn't pay too much attention to prices as they constantly change. 1 of 1 people found the following review helpful. Vienna Baedeker Guide By Pamela Helen Moore Great book which thoroughly describes all the important places to explore and enjoy. It also has a great pull out map to assist you in planning your daily adventures. I highly recommend Baedeker Guide Books.
