**Michael Leidig, Irene Zoch : Vienna (Eyewitness Top 10 Travel Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vienna (Eyewitness Top 10 Travel Guides):

0 of 0 people found the following review helpful. Top 10 ViennaBy Santa Barbara JimEyewitness Travel Guides give the best complete overview of any travel book or other travel product - good organization; great pictures, maps and other graphics; interesting concise text and descriptions about history, national foods and beverages, etc.; good suggestions for lodging and eating. They are excellent resource and reference books, but they are concise enough to give a relatively complete overview but short enough to quickly convey information, especially if you do not have a lot of free time. Its Top 10 versions are more compact but too skeletal to give an adequate overview. The Top 10 Vienna Guide was more of a collection of lists and did not contain adequate in-depth data for my purposes. I found the regular Vienna Eyewitness Guide to be more helpful. The Top 10 Guide is great if you do not want to spend too much time. But then why bother with a book.0 of 0 people found the following review helpful. Great cityBy Mickey49erzMany great landmarks in this book. I went to the Belvedere because of this book and saw the works of Klimt. Many good tips in here29 of 29 people found the following review helpful. An Excellent Book to Walk Around With in ViennaBy Jamie MacTavishI love the Top 10 travel guides because they provide a wealth of information with lots of photos and useful maps, in a very compact, portable size. They are slim volumes that can easily fit inside a small purse. As with all the "Top 10" books, this volume provides information in the format of giving ten subsections for different subjects. For example, you have a listing of Vienna's top ten "Highlights," followed by lists of the top ten things to see at each of the top ten highlights. The Kunsthistorisches Collections, for example, is listed 3rd under "Highlights," and then, a few pages later, you have the "Top 10 Works of Art" in the Kunsthistorisches Collections listed, along with maps of the museum showing where the works are located. This book has subjects like "Top 10 Places of Worship," "Top 10 Museums," "Top 10 Palaces and Historical Buildings," "Top 10 Parks and Gardens," "Top 10 Music Venues," "Top 10 Children's Attractions," etc. There are also, of course, top ten listings of restaurants, bars, cafes, shopping (retail stores), and the like. This book also has listings of restaurants, cafes, bars and retail shops for different sections of the city too, so that you can easily find one near your hotel. At the back of the book is the "Streetsmart" section with its lists under headings such as "Getting to Vienna," "Getting Around Vienna," "Information and Tours," "Budget Tips in Vienna," etc. There are seven lists of Vienna hotels. Because of its compact size, great maps (including maps of the subway, museums, palaces, and cathedrals), and the wealth of useful information on tourist sites, restaurants, shopping, etc., this is the one and only book that I carried around with me while walking through the streets of Vienna on my recent vacation.

Packed with the same reliable information and breathtaking color photography as our DK Eyewitness Travel Guides, DK Eyewitness Travel Top 10 Guides are fully illustrated, pocket-sized travel guides, with handy pull-out maps marking all the major sights.

Wanderlust Travel Awards 2009 – 2014 "This [DK Eyewitness Travel: Top 10] might be the best traveling companion to throw in your pack.
