This book was a good introduction into the history, culture and life of that famous city even though the book is to be used as a guide to those who plan to travel and spend time there. As a travel guide it services its purpose quite nicely. It highlights all the exciting, interesting and entertaining places as well as historical and cultural landmarks. From museums and galleries, theme parks to landmark structures to the oldest and most famous Viennese zoo, their coffee houses, music centers, ski resorts and many more. Good detailed description about accommodations, transportation and safety, eateries and show and performance centers as well as various clubs for those who wish to go out and about at nighttime. The information piqued my interest enough I've earmarked Vienna as one of the many European cities I hope to visit someday.0 of 0 people found the following review helpful. Not enough information to qualify as a comprehensive guide. ...By Linda D. MarshallNot enough information to qualify as a comprehensive guide. Obvious places that would appeal to visitors were omitted, while some obscure places were included. I think this was a book that highlighted the author's favorites, as it was apparent that the author was well acquainted with Vienna. Not a book for the first time visitor.0 of 0 people found the following review helpful. Good travel guide!By Dan JonsonI would love to go to Vienna. It seems to be a very beautiful country with great places to go and things to do. This guide tells you some of the most important things you need to know about Vienna if you're planning on visiting the city, in the book you'll find places to go, safety and transport information, expected price ranges for different services, what to eat in Vienna, and much more. My favorite part of the book was chapter 8: "Things you can only get in Vienna", I would love to go to Tiergarten Schonbrunn Zoo, which is the oldest zoo in the world! Good travel guide!

Congratulations! You've found The Ultimate Travel Guide To Vienna. Why You Need Lost Travelers First we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings, and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available on the internet why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 page' long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book, or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one third the price of the leading brand, and our paper copy for only half the price.
