Alfred Wainwright : Wainwright in Scotland before purchasing it in order to gage whether or not it would be worth my time, and all praised Wainwright in Scotland:

0 of 0 people found the following review helpful. Five StarsBy Erik D. OsbunArrived in excellent condition.2 of 2 people found the following review helpful. Almost like being there.By Joe and LoisI saw a reference to this book in another book, and was happy to find it. Although I may never go on a walking tour of Scotland, this book takes me along. Reads like a diary/guide book, and the photos are lovely. Glad I found it.

This is Wainwright's tribute to a country for which he has had a lifelong passion - the peaks he has conquered, the glens and moors he has tramped across, and the locks he has sat beside.
