First-rate ResourceBy Tim SThis easy-to-use, east-to-read book was a secondary resource for the information and materials provided by our travel arranger (SwissTrails) and as such and for that purpose it was well worth carrying. (We - 59 and 69 - hiked the Via Alpena in the Bernese Oberland - awesome, incredible hiking with just the two of us, no group and no guide for 100 miles and 7 hiking days.)
