Paddy Dillon : Walking on Arran before purchasing it in order to gauge whether or not it would be worth my time, and all praised Walking on Arran:

This guidebook presents a selection of 45 day walks on the popular and accessible Isle of Arran. The routes are between 2 miles (3km) and 20 miles (32km) in length, ranging in difficulty from easy waymarked forest trails to more arduous mountain walks, exposed ridge routes and scrambles. The book includes both linear and circular walks, and

there are opportunities to link routes together and create longer walks across the length and breadth of the island. There's something here to suit walkers of all fitness levels and abilities. Often described as 'Scotland in miniature', Arran boasts a rich variety of landscapes, and walks have been chosen to showcase this variety. There are few roads but ample opportunities to explore the island on foot, or using the excellent bus network. For an island, travel to Arran is remarkably easy: it is not far to Glasgow, from where onward connections to the Isle of Arran are swift and frequent. All the routes are clearly described with OS mapping, with extra notes revealing the archaeology, history and natural wonders of the island. The book includes background information on travel to Arran, public transport, and a Gaelic/English glossary.

About the Author Paddy Dillon is a prolific outdoor writer with over 70 guidebooks to his name, and contributions to 30 other publications. Paddy lives near the Lake District and has walked in every county in England, Scotland, Ireland and Wales. He enjoys simple day walks, challenging long-distance walks, and is a dedicated island-hopper. He has led guided walks and walked extensively in Europe, as well as in Nepal, Tibet, Korea, Africa and the Rocky Mountains of Canada and the United States.
