The directions are not perfect and the English translation can be difficult to understand, but we always found the path in the end. You must use some imagination when comparing the book's pictures to the current landscape. Chapels, roads, etc. may be remodeled!

This book describes the most beautiful hiking trails on 20 Cycladic Islands. It includes detailed maps and 380 route photos for ease of orientation as well as all sorts of useful knowledge about the "Islands of Light." Trails on the following islands are included: Amorgos, Anafi, Andros, Donoussa, Folegandros, Ios, Iraklia, Koufonisi, Milos, Mykonos, Naxos, Paros, Antiparos, Santorini, Schinoussa, Serifos, Sifnos, Sikinos, Siros, Tinos. Olive groves, monasteries, the scent of thyme, sleepy villages, Byzantine chapels, secluded coves, ancient mule tracks... there is much to be discovered on the Cyclades.
