Mr Stephen Chadwick : Walks in the Basque Country: France and Spain - a hiking guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Walks in the Basque Country: France and Spain - a hiking guide:

The Basque country is a wonderful area for mountain walking at any time of year. The Basque country comprises, 7 provinces, 4 in Spain and 3 in France. The walks in this book are in the northern part of this mountainous region, and many are near or on the international frontier. Most walks are in the mountains though there are a few coastal walks. They tend to be between 3 and 5 hours long and have less than 1000m of ascent. The area is rich in pre-history and many of the walks visit sites of interest. It is an excellent place to observe birds of prey. 25 walks are described.
