**Wallpaper\* : Wallpaper\* City Guide Copenhagen** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper\* City Guide Copenhagen:

I felt like the aim was for people with a bit more money than I was willing to spend in the city and a bit more design knowledge (even though I am a designer myself). I would definitely recommend but would buy a supplemental book as well. I recommend Citix60 for a more down to earth guide for younger crowds.0 of 3 people found the following review helpful. Two StarsBy petitefleurwas a little bit dirty :-)

The fast-track guide for the smart traveler. A tightly edited, discreetly packaged selection of city highlights for the design-conscious visitor. Each Wallpaper\* City Guide unearths the most happening restaurants and nightlife, the buzziest hotels, the most influential art galleries and enticing retail, the very best in local design, and the historical styles and contemporary architecture that define a destination. Local writers have delved deep into the urban psyche to enable you to come away from your trip, however brief, with a real flavor of the creative scene and the satisfaction you've seen all that you should.
