I wish I was more familiar with this series prior to purchasing multiple city guides.4 of 6 people found the following review helpful. This is not a travel book!By AnonymousUnlike other Wallpaper City Guides, this book does not give you the feel of being in the city itself. This book is not for

travelers! This just gives you a picture and a description on each page of London's top restaurants and hotels, which are extremely expensive. I only recommend this book for those rich and wealthy Londoners looking for a place to splurge.
