Wallpaper* : Wallpaper* City Guide London 2016 before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper* City Guide London 2016:

2 of 3 people found the following review helpful. This is not a guide book at allBy People PaulaThis is not a guide book at all. It is essentially a magazine advertisement section. The "landmarks" chapter is 2 pictures of office buildings. I am quite sure that the few clothing stores, hotels and galleries in this "guide" paid to be included. There isn't information about anything useful. I love Wallpaper Magazine, but this book is garbage.

Part of the 'Wallpaper City Guide' series that suggest where to stay, eat, and drink, and also what the tourist passionate

about design might want to see. This title features various areas, landmark buildings in an 'Architour', design centres, and the popular shops to buy items unique to the city of London.
