Editors of Wallpaper Magazine : **Wallpaper City Guide: Madrid (Wallpaper City Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wallpaper City Guide: Madrid (Wallpaper City Guides):

0 of 1 people found the following review helpful. Not that great By D. Walruff This book or series of books is trying to hard to be "cool" instead of useful. The map only shows streets and doesn't show where anything is like a good guide book should. And the Map is vague, not much detail and only one small zoom in shows all of the names of the streets. It does have some merits, there are some interesting photo graphs, it is very small. But I wouldn't recommend taking it

on a trip with you, it's virtually worthless for information, there is only one item per page and sometime only one per two pages and the book is not that big. If you buy it, leave it on your coffee table.0 of 0 people found the following review helpful. bought it for a friend, but she has so many and loves them.By Angela M. LutzI didn't use this book myself, but a friend of mine has several of these and loves them.1 of 1 people found the following review helpful. Wallpaper City GuidesBy Charles C. SackettExcellent resource for the design inclined traveller. A perfect compliment for the more cumbersome "Lonely Planet" style travel guides. The Wallpaper team has a great eye.

Wallpaper* City Guides are a ruthlessly-researched, design-conscious guide, for the discerning traveller who wants to come away with a true taste of the best a city has to offer.
