Marie Elena Martinez : Wallpaper* City Guide Mexico City 2015 (Wallpaper City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper* City Guide Mexico City 2015 (Wallpaper City Guides):

2 of 2 people found the following review helpful. This is a fantastic little guide to Mexico City's more stylish spotsBy Max EllithorpeThis is a fantastic little guide to Mexico City's more stylish spots. I found it to be much more helpful than a traditional guide, as it only had a few entries and covered the main attractions in the city (with an eye towards art and design). The restaurant recommendations were on-par. It's a necessary companion for every traveler to Mexico City.3 of 3 people found the following review helpful. Good guide for looking at architectureBy malissa petersI really

like this little guide book. Lots of great stuff in it. If you're into architecture, design, and art. But if you're looking for cheap things to do this might not be the guide for you. 2 of 2 people found the following review helpful. Not as good as other Wallpaper guides. By Stephanie J. Jack I have always enjoyed Wallpaper guides when I am traveling. But this one, in particular, concentrates WAY too much on architecture. Sure, I like pleasant visual surroundings. But I think restaurant recommendations should be about the food and the service. And art museum descriptions should be about the art. Three quarters of every review were about the architecture. The last sentence maybe told you a little bit about the content. Also, Wallpaper guides are color coded. Many neighborhoods of Mexico City are just gray in this guide, leaving you no clue as to the location of many entries. I found this guide to be a waste of money.

The fast-track guide for the smart traveller
