They are directed towards people more into art, design, and the more trendy locations in each city, but if that is what interests you, you will love them. They always recommend places where locals might check out and are not huge tourist traps. The restaurant and bar recommendations are always spot on! 1 of 1 people found the following review helpful. For those wanting the posh and upscale . . . By Kathy A. Cocetti Although small and easy to carry about, these Wallpaper editions (I also bought one for Madrid) are filled with beautiful photos,

mostly of hotels, eateries and shops a person on a budget would not visit. The first few pages were great, as they spoke of Seville's highlights (the cathedral, Alcazar), but much of the book is dedicated to upscale places. 0 of 0 people found the following review helpful. Excellent! By Talitha Hillman Hi am a personal assistant and book high-end luxury travel for my employer. These books are excellent to find top-notch, boutique hotels, fabulous restaurants, and non-touristy destinations. I purchased Madrid, Barcelona and Seville and they are all great.

The fast-track guide for the smart traveller.
