Wallpaper* : Wallpaper* City Guide Zurich 2014 (Wallpaper City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper* City Guide Zurich 2014 (Wallpaper City Guides):

3 of 6 people found the following review helpful. Leave it on the shelfBy THOMAS A RICHLOVSKYHad I been in a physical bookstore and picked this book from the shelf, I would have put it back and never purchased it. Unfortunately, there was no way to browse this book on 's website, so I bought it blind (no reviews had been posted at the time). Not clear who the target audience is for this book, but from the perspective of this veteran traveller it certainly wasn't useful or practical. Hard to describe, but it felt more like a fashion magazine than a travel guide.

Generally I can get some useful information from any travel guide, and in some cases lots of information, but not here.
