**Roger Deakin : Waterlog: A Swimmer's Journey Through Britain** before purchasing it in order to gage whether or not it would be worth my time, and all praised Waterlog: A Swimmer's Journey Through Britain:

1 of 1 people found the following review helpful. Can't wait for a swim in BritainBy Charles J. KanieskiRoger Deakin writes in such a personal, thoughtful style it made me feel as if I was right there next to him in the living room as he told the story. Every chapter had a new adventure, a little bit of History of swimming culture, interviews and inquiries with local swimmers. I highly recommend this for anyone who loves to be inspired by good adventure, and would love

to immerse themselves in cold clear wild waters. It's a great read.0 of 0 people found the following review helpful. To swim a mile in another man's trunks...By John MSuch a gorgeous book. Sad and stately and thoughtful and imaginative and a life clearly portrayed. I've lived in the UK, so as an American I had some familiarity with the place names (which I'll admit helps) but I'm not a serious swimmer (which might have detracted) and overall I just tore through this, luxuriating in the prose. It was actually a page-turner. Thank you to Robert McFarland who turned me onto this book via Landmarks (which is also lovely). I wish there were more like this.2 of 2 people found the following review helpful. Water lovers dream!!By sheila saundersIf you're a water person, you will be in heaven. Lived vicariously through Roger's adventures. He's hardier than I am, but I love the water as much!
