Jane Christmas : What the Psychic Told the Pilgrim: A Midlife Misadventure on Spain's Camino de Santiago
before purchasing it in order to gauge whether or not it would be worth my time, and all praised What the Psychic Told the Pilgrim: A Midlife Misadventure on Spain's Camino de Santiago:

9 of 9 people found the following review helpful. Easy fun read grows tiresome by the end By Norine This is an amusing book that will make you chuckle, especially during the first 100 pages, but I grew tired of it about the time

our pilgrim grew tired of her pilgrimage. It should be on the advance reading list of anyone who is thinking of walking the Camino as its unvarnished descriptions of the weather, the trail and the dorms take the romance out of the adventure, and her eloquence regarding the stunning landscapes puts it right back in. One despairs for sisterhood by the time the last page is turned.4 of 4 people found the following review helpful. DissapointedBy Kindle CustomerThis book started of interesting, but then the author seem to be so self absorbed about her own issues during the journey that she get "lost" along the way. Her frustration and anger with herself and fellow pilgrims come through so strong that it started to frustrate and angered me and made me wonder why she wrote this book if she was so frustrated along the way, let alone rushing all the way. Walking away from the other pilgrims and not sharing the journey, then she wonder why she walk alone so much, not realizing shes the one rushing from one town to the next forgetting to life in the moment and enjoy! I was very disappointed in this book and it left me sorry i bought it as the Author was so self absorbed and let the beauty of the whole experience pass her by and it come through strongly in this book. Only at the end she get the real meaning - but by then it was too late.5 of 5 people found the following review helpful. It is just okayBy M. R. WarnerI found this book moderately interesting. I am reading alot lately about the Camino de Santiago and it was interesting to read about the way from a woman's perspective. Too much of the book however is about petty things, and in the end doesn't really reflect a true "experience". There are many other books about the "Way" that are more realistic and/or spiritual.

To celebrate her 50th birthday and face the challenges of mid-life, Jane Christmas joins 14 women to hike the Camino de Santiago de Compostela. Despite a psychic's warning of catfights, death, and a sexy, fair-haired man, Christmas soldiers on. After a week of squabbles, the group splinters and the real adventure begins. In vivid, witty style, she recounts her battles with loneliness, hallucinations of being joined by Steve Martin, as well as picturesque villages and even the fair-haired man. What the Psychic Told the Pilgrim is one trip neither the author nor the reader will forget.
