Excellent book on how life was in the early day in IbizaBy MalcolmStewart Anderson has written a delightful book on the trials and tribulations of living in Ibiza, in the early days, when the day to day services we now take for granted were not readily available.Coupled with that the transporting a horse from mainland Spain to

the Islands. in those days a monumental task, this is any easy read,just right to see how life was 40 years age.A must for all lovers of the Balearic Islands and the quirky ways of the local inhabitants

An entertaining new book about how a three-month visit to the enchanted island of Ibiza in the mid-'60s turned into a 20-year sojourn. A light-hearted, affectionate look at Ibiza, Spain and the Spanish people, and how the Ibizencos welcomed the gentle invasion of artists, hippies and musicians in the '60s.
