**TQ : Wolin Island National Park (Poland) 1:50,000 Recreation Map, laminated, GPS-compatible** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wolin Island National Park (Poland) 1:50,000 Recreation Map, laminated, GPS-compatible:

Wolin Island National Park (Poland) 1:50,000 Recreation Map, laminated, GPS-compatible Wolin National Park is located at the mouth of the Oder River, close to the Polish-German border. It protects highly valuable north-western part of the Wolin Island. The Park contains a number of species of flora and fauna. Its attractions include the sea cliffs of Gosan and Kawcza Gora, and a wisent (European bison) sanctuary. This double-sided, laminated map at 1:50,000 (1 inch = 0.8 mile) covers the Wolin Island plus the area along the Baltic coast between Seebad Bansin and Trzesacz, including Wolin National Park in Poland and Usedom Nature Park in Germany. Road network shows locations of petrol stations and parking lots. Topography is shown by contours at 10m intervals with colouring for different type of land use, e.g. forest, beaches. An overprint highlights waymarked hiking and cycling trails, canoeing routes and ferry routes. A wide range of symbols indicate various sport and recreational facilities, places of interest, observation towers, museums, various types of accommodation, etc. The map has latitude and longitude grid at 5' intervals and is GPS-compatible. An enlarged street plan of the village of Bialowieza is in an inset. Map legend is in Polish, English and German. Added are detailed street plans of the villages of Wolin, Kamien Pomorski, Miedzyzdroje, Dziwnow and

Swinoujście.
