From APA : York. (Insight Great Breaks) before purchasing it in order to gage whether or not it would be worth my time, and all praised York. (Insight Great Breaks):

I don't think it mentions the pass one can purchase for a hop on/off bus and museum admissions which I discovered on line. I'll cut out the pages I need to cut out the needed pages in order to pack lighter. I've actually purchased a lot of guides and each one has something unique to offer. Can't beat used books! It's somewhat musty smelling which I can't complain about as it was "good" and cheap.0 of 0 people found the following review helpful. Very useful guidebookBy lynnReally helpfull guidebook. Will make future planning easier. Very useful information with nice pictures.0 of 0 people found the following review helpful. It will go to York with usBy Richard L. SteinerThis is the travel book that we will take to York in the spring. It has clearly stated descriptions, some great photos and the maps are going to be very helpful as we explore the city of York. There are not very many travel books devoted to York and this is one of the best.
