From Hunter : Yorkshire Dales Adventure Guide (Landmark Visitors Guides) (Landmark Visitors Guide Yorkshire Dales)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Yorkshire Dales Adventure Guide (Landmark Visitors Guides) (Landmark Visitors Guide Yorkshire Dales):

0 of 0 people found the following review helpful. The book came fairly quickly and was in good shape. The only negative is that this book ...By Jill Johanson-ThackrayThe book came fairly quickly and was in good shape. The only negative is that this book was previously in library circulation which I would have liked to have known beforehand. Why? Because although it was in good shape, it had library identification and circulation numbers stuck on the inside cover page as well as the outside cover. I was able to get most of the 'stickers' off the book without damaging it, except for the inside cover page which did get a bit of damage.I think booksellers should let you know if a book you are purchasing has been privately owned versus a 'library' book, as they do have the circulation numbers stuck on the book and I personally like my books "sticker free".I am very pleased with the book itself...great information! I would recommend it to anyone interested in visiting the Dales.

In the VISITOR GUIDE series, this pocket sized book, with full colour photography and maps, is not the usual run-of-the-mill guide. The author describes places in depth, giving historical details where it is likely to enhance the visit, points out physical attractions which might easily be missed, describing their importance. Includes walks.

"If you've never used a Landmark Visitors Guide, you're in for a treat. These useful guides give more than a gazetteer-style list of things to see and do. They give background information on an area and its sights. The beautiful colour photographs add interest to the guide and give a taste of what's to come.... Full colour maps in each section show the attractions and the recommended driving routes. With a Landmark Visitors Guide in hand, you don't need to plan your trip. An expert has done it all for you."
