Leonora Hunt : Yorkshire's Strangest Tales (Strangest series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Yorkshire's Strangest Tales (Strangest series):

0 of 0 people found the following review helpful. Very Unusual By Patricia G. Jacoby Very interesting stories 0 of 0 people found the following review helpful. REAL Yorkshire - for the curious and the Yorkshire passionate... By DinnyBabsOKUK This book is for people who have EITHER: a) Real experience of things a la Yorkshire and - especially those people who want to share some startling Yorkshire-ist tales with those not so familiar with the region

(yes - the biggest County in the UK..!)b) Yorkshire-intrigued people - whether you are UK based or living overseas - this wee book will give you more information about the heritage, beauty, culture and quirky-sanctity than ANY tourist-brochure could offer you. Leonora Rustamova has written and compiled a stunning portrait of Real Yorkshire but with a Twist of the Past. For visitors from overseas - this book is a MUST buy. You cannot hope to visit and know Yorkshire without reading this! I was very surprised - seeing the price of this book - and then reading and taking in the quality and levity of the research involved. This is genuine - back to basics research and analysis - but presented in bite-sized chunks that neither alienates nor patronises the reader. An unusual and very refreshing approach to Yorkshire history, discourse and legacy. For Yorkshire residents and for UK residents - Leonora's words, her research and her interpretation are a wise reminder of how much we all take The Big Country for granted. Much to learn from That Yorkshire! So whether you are new to the concept of Yorkshire - or if you are a die-hard Yorkie fan... Do check this little tome out, above all others. A very pleasant surprise!!

Welcome to the weird and wonderful world of Yorkshire, or as it is sometimes beautifully referred to, Gods Own County. Though this isnt the usual side of the county the tourists, travelers, and residents see. This is the real Yorkshire, the strange and twisted nooks and crannies of the countys bizarre history past, present, and future. Following on from the bestselling Portico Strangest titles now comes a book devoted to one of Englands most beautiful valley regions. Located in the upper body of Britains old man, Yorkshire is a county with more strangeness than you can shake a Dale walking stick at. Home of Robin Hood (he was born in Barnsdale), Guy Fawkes, Dick Turpin, and "Dracula" (Bram Stoker wrote part of the vampire tale in a Whitby hotel!) and, some say, the birthplace of modern civilization even began in Leeds! But youll have to read the book to find out why. Yorkshires Strangest Tales is a treasure trove of the hilarious, the odd and the baffling alternative travel guide to some of the countys best-kept secrets. Read on, if you dare! You have been warned.
