Not Just a London vacation but a London Experience Awaits!!!By gilmoreladyI received this book for Christmas from a friend who thinks I should do a bit more traveling!! You Go Girl London makes me want to jump on a plane and head across the pond. These "girls" and their personal accounts makes me realize I really could go on a Girls Only trip to Europe and do it on a reasonable budget. I especially liked the

historical aspects and the suggested books to read prior to going to London. Following this guide will give the traveler the opportunity to not just visit London but EXPERIENCE London understanding the history of what you are seeing. It will be fun to carry this guide with me as I travel and site see. Let's go girlfriends!! I just looked up their website; [...] and saw that the next book "You Go Girl Paris" is in the works. I better get busy making plans for London as the next guide to visit Paris will most likely excite me to make more travel plans!! Thanks Ladies for the inspiration to GO!!! 2 of 2 people found the following review helpful. Just OK By Kathryn P. Murphy Honestly not a great book to take with you on the trip. It is a good primer before you go-what to see, but you still need another book for your travels. There are no maps in this book-so it is difficult to plan out your travels-and you may be right near another shopping possibility and not even know it. I did buy this book and Eye Witness Top 10 Travel Guide to London and found after a day or two this was the only book I left for the day with-it has all of the same information, plus maps of the city. Also a smaller book that fits in a back pocket. 4 of 4 people found the following review helpful. Fantastic! By Cozette Boy, this book has me so eager to go to London with some of my Book Club friends. We have read Philippa Gregory books, Alison Weir books and others that these authors incorporate into their "You've got to see this" slant on sight-seeing in London. I have been pouring over the pages with heightened anticipation. We are booking our flights soon. What a fun guide to bring along (includes maps temperature conversion charts as well as tips for getting around and where to eat). A perfect book for an affordable girls excursion!!!

Our London guide covers the most celebrated landmarks as well as the more intimate sites. The Tower, Windsor Castle, Hampton Court, Westminster Abbey and Kensington Palace are just a few of the many highlights. You'll follow the historic trails of the Tudor dynasty and discover fascinating facts about the lives of Henry VIII, Anne Boleyn, Bloody Mary and Queen Elizabeth I. We loved Princess Diana and include many sights that were meaningful in her life, as well as her memorials. Our fabulous Beatle tour will take you Here, There and Everywhere. You can follow the clues of the Da Vinci Code and race through the streets like Sophie and Langdon. Our insider tips focus on eateries; shopping, the theatre, safety and traveling around London. Our suggested booklist will give you insight into the history and culture of London. Philippa Gregory, author of *The Other Boleyn Girl*, praises *You Go Girl London*, "A thorough and authoritative guide for the women traveler focusing on specialist trails through London: Tudor, Princess Diana, and the Beatles. The straightforward style and enthusiasm of the authors would encourage any traveler, and some of the tips for enjoying the best of London's great tourist sites are invaluable."
