before purchasing it in order to gage whether or not it would be worth my time, and all praised Zagat 2011 London Restaurants (Zagat Survey: London Restaurants):

1 of 1 people found the following review helpful. Great for millionairesBy S. PalmerI like Zagat's theory of aggregating thousands of reviews to find the truth. However, this book is just about worthless unless you are a millionaire who just happens to be visiting London. There are scant reviews of cheap places to eat. Most reviews are for restaurants and pubs that are 35+ Pounds (that's \$50 US) for a meal for one. The book defines a meal as "dinner with one drink and service." Many of the reviews are for meals in the 50-60 Pound range (that's \$82-\$98 US) and go all the way to 120 Pounds (\$197 US). There are only a few reviews for restaurants that offer meals in the 17-20 Pound range. I really hope that there are cheaper restaurants in London when I go there in a few months. If not then I will be in real trouble. The book is also fairly thin and doesn't have as many reviews as I thought. I am going to return it and look for another title.3 of 3 people found the following review helpful. IndispensableBy SCMIf you're traveling to London, this book is an absolute necessity. Zagat reviews are still the most accurate and pertinent of any on the market and having them condensed into one place makes this the best you can get. And yes, it's better than their online mobile version which I subscribe to and yet find far less convenient and therefore less valuable than the actual book itself.

From fish n chip shops and elegant tea salons to cozy gastropubs, this guide is packed with over 1,100 of the best places to eat in and around London. You'll find trusted ratings and reviews based on the opinions of thousands of avid restaurant-goers. Use the handy indexes to help you find the perfect spot for any occasion.

"Accurate and fair. What more can you ask for from a guide?" The Independent "An immensely readable authority." Financial Times "Indispensable and direct." The London Times "Accurate guides...from the eating-out public." The Observer"About the AuthorStarted as a hobby in 1979, Zagat Survey is now the world's leading provider of consumer survey-based information on where to eat, drink, stay play worldwide. With ratings and reviews based on the opinions of over 350,000 surveyors from around the globe, Zagat Survey has become the world's most trusted source to help consumers make informed decisions about restaurants, nightspots, hotels, attractions and other leisure activities. Zagat Survey is based on a simple premise – that the shared opinions of thousands of avid consumers with real experiences are inherently more accurate than the opinions of just one or two critics. Through our guides, we give people the power of a collective voice and the information to make smart decisions.
