Geodetski Zavod : Zagreb (Croatia) 1:20,000 Street Map Environs 1:300,000 GZS before purchasing it in order to gage whether or not it would be worth my time, and all praised Zagreb (Croatia) 1:20,000 Street Map Environs 1:300,000 GZS:

Zagreb (Croatia) 1:20,000 Street Map Environs 1:300,000 GZS This double-sided map provides clear street mapping of Zagreb at scale 1:20,000 covering most of the city. Motorways, roads and all streets and lanes are clearly shown, alongside railways, tram and bus lines and stations. A series of symbols shows places of interests, notable buildings, information points, churches mosques, police stations and gas stations. Pedestrian zones, industrial areas, parks forests, and cemeteries are also marked, together with administrative boundaries and peak highs. On the reverse is a map of the Zagreb's surroundings at 1:300,000 (which highlights the motorway access to the city), a more detailed street plan of the city centre and an extensive street name index. Also included are lists of essential services like hotels, embassies, etc. plus lists of tram and bus routes. The map legend is in five languages including English.
